# I am René Filip

I mail from renefilip@mail.com
I write at https://rene.pub/
I code on https://github.com/filipre

## EDUCATION

Oct 2016 – Mar 2020
**Master of Science, TUM**
Data Engineering and Analytics
GPA 1.7

Oct 2017 – Mar 2018
**Master of Science, University of Tokyo**
Attendance of Various Lectures

Oct 2013 – Sep 2016
**Bachelor of Science, Cooperative State University of Karlsruhe**
Applied Informatics
GPA 1.2
Bachelor's Thesis 1.0

Sep 2005 – Jul 2013
**Secondary Education, Gymnasium Bammental**
GPA 1.7
Winner of the School "DMV-Abiturpreis 2013" Math Award

## WORK EXPERIENCE

Oct 2016 – Mar 2019
**Working Student, SAP CX (Munich)**
- SAP Master Stipendium
- Tracking in E-Commerce incl. JS Tracker, Configuration UI and Backend in Node.js
- Deployment & Monitoring of Microservices in Kubernetes with Istio

Jan 2015 – Mar 2015
**Intern, SAP Labs (Palo Alto, CA)**
- Bridging between 3rd party applications and new monitoring platform

Oct 2013 – Sep 2016
**Cooperative Education Student, SAP (Walldorf)**
- Predictive Maintenance by Analyzing Railway Switches
- ChatOps: Deploying Applications using Chat Bots

## OTHER PROJECTS

Mar 2019
**Separating the Foreground and Background of a Video**
Blog post on Convex Optimization

Aug 2018
**Do not Blindly Trust Your Data**
Essay on Data Science Ethics

Jan 2018
**How Likely is a Royal Flush in GTA's Video Poker?**
Blog post on Probability Theory

## RESEARCH

Apr 2019 – Mar 2020
**Master's Thesis, TUM**
Asynchronous Optimization Algorithms

Oct 2018 – Mar 2019
**Guided Research, TUM**
Using GANs to Generate Graphs

Apr 2018 – Sep 2018
**Seminar, TUM**
Formal Verification in Reinforcement Learning (RL)

Oct 2017 – Mar 2018
**Research Student, University of Tokyo**
RL & Optimization

Apr 2016 – Sep 2016
**Bachelor's Thesis, DHBW, SAP**
Distance Measures for Time Series

# I am René Filip

I mail from renefilip@mail.com
I write at https://rene.pub/
I code on https://github.com/filipre

## PROGRAMMING & EXAMPLES

**Python** ★★★
Master's Thesis Code
https://github.com/filipre/master-experiments

**JavaScript** ★★
Reinforcement Learning on T-Rex Runner
https://github.com/filipre/trex-runner-rf

**Go** ★
Proof of Concept to Access Data from Facebook's Online Chat
https://github.com/filipre/fbchat

**C++** ★
Algorithm for Programming Contests
https://github.com/filipre/ConPra

**SQL** ★
Generate Prime Numbers in SQL
https://github.com/filipre/prime-numbers-sql

**ABAP** ★

**Java** ★

## TECHNOLOGY

**Machine Learning**
PyTorch
TensorFlow
NumPy and SciPy

**User Interface**
Angular
Angular JS
React

**DevOps**
Docker
Kubernetes
Istio

**Backend**
Node.js

**Other**
LaTeX, GNU/Linux, Fusion 360

## COMPETITIONS

2012 **National Math Competition Germany**
Recognition Prize in 2nd round

2012 **National Informatics Competition Germany**
2nd Prize in 1st round

## LANGUAGES

**German** ★★★ (Native Speaker)

**English** ★★★ (Professional Level)

**Japanese** ★ (Beginner Level)

## HOBBIES

**Bouldering**

**Hiking**

**Playing the Piano**
