I am René Filip

I mail from renefilip@mail.com
I write at https://rene.pub/
I code on https://github.com/filipre

EDUCATION

Oct 2016 – Mar 2020
Master of Science, TUM
Data Engineering and Analytics
GPA 1.5
Master's Thesis 1.0

Oct 2017 – Mar 2018
Master of Science, University of Tokyo
Attendance of Various Lectures

Oct 2013 – Sep 2016
Bachelor of Science, Cooperative State University of Karlsruhe
Applied Informatics
GPA 1.2
Bachelor's Thesis 1.0

Sep 2005 – Jul 2013
Secondary Education, Gymnasium Bammental
GPA 1.7
DMV Mathematics Prize

WORK EXPERIENCE

Oct 2016 – Mar 2019
Working Student, SAP CX (Munich)
- SAP Master Stipendium
- Tracking in E-Commerce incl. JS Tracker, Configuration UI and Backend in Node.js
- Deployment & Monitoring of Microservices in Kubernetes with Istio

Jan 2015 – Mar 2015
Intern, SAP Labs (Palo Alto, CA)
- Bridging between 3rd party applications and new monitoring platform

Oct 2013 – Sep 2016
Cooperative Education Student, SAP (Walldorf)
- Predictive Maintenance by Analyzing Railway Switches
- ChatOps: Deploying Applications using Chat Bots

OTHER PROJECTS

Mar 2019
Separating the Foreground and Background of a Video
Blog post on Convex Optimization
https://rene.pub/blog/separating-foreground-background

Aug 2018
Do not Blindly Trust Your Data
Essay on Data Science Ethics
https://rene.pub/blog/do-not-blindly-trust-data

Jan 2018
How Likely is a Royal Flush in GTA's Video Poker?
Blog post on Probability Theory
https://rene.pub/blog/video-poker-royal-flush

RESEARCH

Apr 2019 – Mar 2020
Master's Thesis, TUM
Asynchronous Optimization Algorithms

Oct 2018 – Mar 2019
Guided Research, TUM
Using GANs to Generate Graphs

Apr 2018 – Sep 2018
Seminar, TUM
Formal Verification in Reinforcement Learning (RL)

Oct 2017 – Mar 2018
Research Student, University of Tokyo
RL & Optimization

Apr 2016 – Sep 2016
Bachelor's Thesis, DHBW, SAP
Distance Measures for Time Series

I am René Filip

I mail from renefilip@mail.com
I write at https://rene.pub/
I code on https://github.com/filipre

PROGRAMMING & EXAMPLES

Python ★★★
Master's Thesis Code
https://github.com/filipre/master-experiments

JavaScript ★★
Reinforcement Learning on T-Rex Runner
https://github.com/filipre/trex-runner-rf

Go ★
Proof of Concept to Access Data from Facebook's Online Chat
https://github.com/filipre/fbchat

C++ ★
Algorithm for Programming Contests
https://github.com/filipre/ConPra

SQL ★
Generate Prime Numbers in SQL
https://github.com/filipre/prime-numbers-sql

ABAP ★

Java ★

TECHNOLOGY

Machine Learning
PyTorch
TensorFlow
NumPy and SciPy

User Interface
Angular
Angular JS
React

DevOps
Docker
Kubernetes
Istio

Backend
Node.js

Other
LaTeX, GNU/Linux, Fusion 360

COMPETITIONS

2012 **National Math Competition Germany**
Recognition Prize in 2nd round

2012 **National Informatics Competition Germany**
2nd Prize in 1st round

LANGUAGES

German ★★★ (Native Speaker)

English ★★★ (Professional Level)

Japanese ★ (Beginner Level)

HOBBIES

Bouldering

Hiking

Playing the Piano
